Office Hours: Tuesday 11:30 – 4:30

Course Description: This course is designed as an overview of the basic aspects of middle grades education including middle level philosophy, student development and diversity, organizational attributes of middle grades settings, curriculum, instruction, assessment, instructional planning, classroom management, involvement of family and community, and professional development.

Course Objectives:
Upon completion of this course, teacher candidates will:
1. Articulate the history of, and rationale for, middle schools. (ETC*3, Standard**VII)
2. Demonstrate an understanding of the unique physical, intellectual, emotional, social, and character development of young adolescents and incorporate the variety of ways young adolescents exemplify diversity into course activities and assignments. (ETC 1, Standard I).
3. Write reflectively about characteristics of effective middle grades teachers. (ETC 3, Standard IV)
4. Articulate understanding of common and recommended structures of middle schools. (ETC 3, Standards IV and VII)
5. Relate the philosophy of the National Middle School Association to the various influences on middle grades curriculum. (ETC 3, Standard II)
6. Demonstrate a variety of instructional strategies, as well as articulate the theoretical bases for instructional choices. (ETC 2, Standards II and III)
7. Articulate the necessity and complexities of assessment, from classroom to standardized. (ETC 2, Standard VI)
8. Demonstrate knowledge of the many levels of instructional planning. (ETC 2, Standards II, III, IV)
9. Recognize and analyze the relative effectiveness of philosophies and strategies of managing the learning environment. (ETC 1 and 2, Standards I and IV)
10. Write reflectively about the importance of family and community involvement, as well as strategies for ensuring involvement. (ETC 3, Standards V and VII)

*Elements of Teacher Competency ** School of Education Standard
AMLE Standards

Standard 1. Young Adolescent Development
Middle level teacher candidates understand the major concepts, principles, theories, and research related to young adolescent development, and they provide opportunities that support student development and learning.

Standard 2. Middle Level Philosophy and School Organization
Middle level teacher candidates understand the major concepts, principles, theories, and research underlying the philosophical foundations of developmentally responsive middle level programs and schools, and they work successfully within these organizational components.

Standard 3. Middle Level Curriculum and Assessment
Middle level teacher candidates understand the major concepts, principles, theories, standards, and research related to middle level curriculum and assessment, and they use this knowledge in their practice.

Standard 4. Middle Level Teaching Fields
Middle level teacher candidates understand and use the central concepts, tools of inquiry, standards, and structures of content in their chosen teaching fields, and they create meaningful learning experiences that develop all young adolescents’ competence in subject matter and skills.

Standard 5. Middle Level Instruction and Assessment
Middle level teacher candidates understand and use the major concepts, principles, theories, and research related to effective instruction and assessment, and they employ a variety of strategies for a developmentally appropriate climate to meet the varying abilities and learning styles of all young adolescents.

Standard 6. Family and Community Involvement
Middle level teacher candidates understand the major concepts, principles, theories, and research related to working collaboratively with family and community members, and they use that knowledge to maximize the learning of all young adolescents.

Standard 7. Middle Level Professional Roles
Middle level teacher candidates understand the complexity of teaching young adolescents, and they engage in practices and behaviors that develop their competence as professionals.

READING

Grading and Assignments
Course Requirements All written assignments must be word processed, double spaced, and in 12-point type. Any written assignment submitted is considered a final product that will be graded on both what is written (clarity, depth, and insight) and how it is written (the form of the written work). Therefore, it is crucial to realize that correct grammar and spelling, proper punctuation, adherence to assignment guidelines, and neatness will affect your grade. As an educator, you will be expected to demonstrate competency not only in verbal but also in written communication with parents, administrators, and other educators. Please use the resources around you to proofread and to edit your work.
EVALUATION SCALE AND POINT VALUES
Assignment 1 - School Organization Plan  60 pts
Assignment 2 - Unit Plan 60 pts
Assignment 3 – Literature review/research 80 pts
Mid – term exam 100 pts
Assignment 4 – lesson plan 40 pts
Assignment 5 – middle school student Q and A 10 pts
Assignment 6 – virtual classroom literature synthesis participation 10 pts
Assignment 7 – virtual classroom literature synthesis reference sheet 20 pts

Semester Exam 100 pts

TOTAL 480 pts

Assignments:

School Organization Plan
Each student will create a fictional middle school based on middle school characteristics and qualities (see rubric for details)
Open format

Unit Plan
Each student will write an interdisciplinary and integrated unit plan based on a middle school standard/indicator and arts/interest of his/her choice (see rubric for details)
The unit Plan Format can be found at the end of this document

Literature review and Research (grad students are responsible for the literature review and the pilot qualitative research)

Each student will choose a middle school topic. Undergraduate students will write a literature review of the topic and formulate a research question. The literature will cover a minimum of 1-3 years depending on the topic. 8-10 page paper. Minimum - 8 sources.

(double spaced, 12 font, Times New Roman)

APA format

Pilot Research (Graduate Students) Each graduate student will write a literature review, formulate a research question, and conduct a qualitative research pilot study.

The study should include the following:

Literature review - Research Question — Participants – data collection – Data analysis – Findings TOTAL 8–12PAGES
Lesson Plan

Each student will write a lesson plan based on a middle school standard/indicator using the format provided

The lesson plan format can be found at the end of this document

Middle School Student Q & A Transcription
Each student will ask a middle school age child a pre-written question for class related to the assigned reading/chapter. The child’s response should be transcribed verbatim (typed/written) for each class and turned in at the end of the semester.

Virtual classroom literature synthesis participation
In groups of four (4) each students will circle desk in the room and discuss specific problems, articles, and solutions (a fifth desk will be added for drop in students to add to the discussion)
ON THE FINAL DAY OF THIS ACTIVITY EACH GROUP WILL SHARE ACTION STEPS

Virtual classroom literature synthesis reference sheet
Each student will turn in a reference sheet of articles related to his/her groups virtual classroom issue (the central question should be at the top of the reference sheet)

Mid-term Exam
The mid-term exam will consist of objective questions and short answer questions (the majority of the questions will be objective) from the textbook

Semester Exam
The final exam will consist of objective questions and short answer questions (the majority of the questions will be objective) from the textbook

PROFESSIONAL BEHAVIOIR/DISPOSITIONS:  

Students are responsible for all content and assignments for each class. They are expected to demonstrate professional behavior consistent with the following dispositions:  
• The belief that all students can learn. • Value and respect for differences. • Value of positive human interaction. • Intellectual curiosity and willingness to gain new knowledge.  

Attendance Policy:  
Attendance is vital in this course. If you have to miss class for a family emergency or illness, please let the instructor know as soon as possible. If you miss more than 2 classes you will be dropped with a WA. Prompt arrival is also extremely important; tardiness is unacceptable.  
Your instructor and classmates would appreciate prompt arrival to class, so disruptions are minimized. Three tardies (arriving late/leaving early) count as one absence. These strict policies are based on the professionalism required of teachers.

- **FINAL EXAM**

### MAKE-UP EXAMINATIONS, PRESENTATIONS, AND QUizzes:
If an examination, presentation, or quiz (other than the final examination) was missed for a legitimate reason, as determined by the professor, the professor has the discretion to administer a make-up session. It is the responsibility of the student to contact the professor within 48 hours and make arrangements for the make-up. This is to be done as soon as possible after the missed examination, presentation, or quiz.

**FINAL EXAMS:** The final exam for each course (which may be in the form of an examination, performance, or project) will only take place during the period scheduled for the final exam for that course. (Students who have more than two finals scheduled on the same day may arrange for an alternate time for one final exam through the Office of the Undergraduate Dean).

**PAPERS:** Papers will be word processed using the style of the Publication Manual of the American Psychological Association (Fifth Edition, 2001). The College of Charleston does have a writing lab that can help you. They have a useful handout for using the APA Handbook. The hours of the lab are M-H 9-9 and F 9-12.

**HONOR SYSTEM:** Lying, cheating, attempted cheating, and plagiarism are violations of our Honor Code that, when identified, are investigated. Each incident will be examined to determine the degree of deception involved. Incidents where the instructor determines the student’s actions are related more to a misunderstanding will handled by the instructor. A written intervention designed to help prevent the student from repeating the error will be given to the student. The intervention, submitted by form and signed by both the instructor and the student, will be forwarded to
the Dean of Students and placed in the student’s file. Cases of suspected academic dishonesty will be reported directly by the instructor and/or others having knowledge of the incident to the Dean of Students. A student found responsible by the Honor Board for academic dishonesty will receive a XF in the course, indicating failure of the course due to academic dishonesty. This grade will appear on the student’s transcript for two years after which the student may petition for the X to be expunged. The student may also be placed on disciplinary probation, suspended (temporary removal) or expelled (permanent removal) from the College by the Honor Board.

Students should be aware that unauthorized collaboration—working together without permission—is a form of cheating. Unless the instructor specifies that students can work together on an assignment, quiz and/or test, no collaboration during the completion of the assignment is permitted. Other forms of cheating include possessing or using an unauthorized study aid (which could include accessing information stored on a cell phone), copying from others’ exams, fabricating data, and giving unauthorized assistance. Research conducted and/or papers written for other classes cannot be used in whole or in part for any assignment in this class without obtaining prior permission from the instructor.

Students can find the complete Honor Code and all related processes in the Student Handbook at [http://www.cofc.edu/generaldocuments/handbook.pdf](http://www.cofc.edu/generaldocuments/handbook.pdf)

As EDEE is a dual program, in that we certify candidates for teacher certification, professors reserve the right to document violations that would impact student certification (e.g., attendance problems in field experiences and clinical practice, professionalism in schools, etc.).

**ADA Accommodations:**
In compliance with the American with Disabilities Act (ADA), all qualified students are entitled to “reasonable accommodations.” Please notify the instructor during the first week of class of any accommodations needed.

**Required Technology:**
Enrollment in this course requires you to utilize the following computer applications: PowerPoint, Excel, Internet/WWW, WebCT via Internet, e-mail, and Word Processing. It is expected that you can utilize the above listed computer applications. These computer applications are available in the College of Charleston managed computer labs located in JC Long, the Library, and various other campus locations. If you do not have reliable access to these applications you should plan to use the campus computer laboratories.

**School of Education Mission:**
The mission of the School of Education at the College of Charleston is the development of educators and health professionals to lead a diverse community of learners toward an understanding of and active participation in a highly complex world. In pursuit of this mission, faculty and students will demonstrate:
intellectual curiosity and rigor; reflective, research-based practice; collaboration and consensus building;
field-oriented service and community outreach; and cultural sensitivity and understanding.
MAKE THE TEACHING AND LEARNING CONNECTION
Element of Teacher Competency

1: Understand and value the learner.

Standard I: Evidence theoretical and practical understanding of the ways learners develop.

2: Know what and how to teach and assess and how to create an environment in which learning occurs.

Standard II: Demonstrate understanding and application of the critical attributes and pedagogy of the major content area.

Standard III: Evidence a variety of strategies that optimize student learning.

Standard IV: Demonstrate an understanding of the continuous nature of assessment and its role in facilitating learning.

3: Understand oneself as a professional

Standard IV: Participate in informed personal and shared decision making that has as its focus the enhancement of schooling and the profession.

Standard V: Communicate effectively with students, parents, colleagues, and the community.

Standard VII: Show an understanding of the culture and organization of schools and school systems and their connection to the larger society.

Center for Student Learning: I encourage you to utilize the Center for Student Learning’s (CSL) academic support services for assistance in study strategies, speaking & writing skills, and course content. They offer tutoring, Supplemental Instruction, study skills appointments, and workshops. Students of all abilities have become more successful using these programs throughout their academic career and the services are available to you at no additional cost. For more information regarding these services please visit the CSL website at http://csl.cofc.edu or call (843)953-5635.

Middle level teacher candidates recognize the importance of advocating for young adolescents and middle level education.

Middle level teacher candidates advocate for young adolescents and middle level education (e.g., school personnel and family members).

Middle level teacher candidates demonstrate knowledge of advocacy theories and skills. They advocate for young adolescents and middle level education in a variety of settings (e.g., school, community, youth-serving organizations, legislative bodies, policy makers).

Middle level teacher candidates value diverse family structure and cultural backgrounds; They communicate and collaborate with family members and the community.

Middle level teacher candidates can articulate the knowledge base related to working collaboratively with family and community members. They communicate with parents and community members to improve education for all young adolescents.

Middle level teacher candidates value family diversity and cultural backgrounds and capitalize on those assets in their teaching. They initiate collaboration with parents and community members to improve education and to promote the well-being of all young adolescents.
Unit Plan

A. Description
   The interdisciplinary unit plan measures the candidate’s ability to develop a unit of study that includes at least one core subject areas and one arts integration.

B. Directions
   Each candidate is to complete the assignment as part of the middle grades curriculum course. The unit, covering two core subject areas and an arts integration, must include the main theme, overall objective(s), timeline, and content standards for each of the subject areas the unit covers. In addition, the unit is designed to support candidate understanding of adolescent development as related to personal and societal goals.

C. Rubric for Assessment

The following rubric for the AMLE middle school addendum is used to collect data on middle school candidates’ pedagogical and professional knowledge and skills for effects on student learning.
